## INCLUDED IN PRICE

The price includes service of licensed guide, VAT.

First, we will walk next to **the Nicholas Copernicus Museum**, located in two beautiful Gothic houses: his family house and a neighboring patrician house.

The next step is **St. Johns' Cathedral**, which is one of Torun's most valuable historical monuments. You will have an opportunity to see the baptismal font where Copernicus was baptized and his epitaph, as well.

**The Nicholas Copernicus Monument**, which stands in front of the Old Town Hall and **the Copernicus University**, are the next steps of the tour. We will not miss **the Planetarium**, where special exhibits ensure an unforgettable experience.

If you have more time, we recommend the visit in **Nicholas Copernicus University Astronomy Observatory**, located 15 kilometres from the city, which is one of the most up-to-date observatories with Europe's third-largest radio telescope. If you are interested, we can also organize a Copernicus tour of Poland for you, which will also feature Krakow, Wroclaw, Olsztyn and Frombork, the place where he finalized his Heliocentric Theory.
